

Highlights:

- 87% of faculty/staff who responded to the survey favored the weighted lottery
- Many respondents, in their comments, favored further action to increase diversity at the school (e.g. expanding the attendance zone)
 - There is a belief we need more training, resources (e.g. full-time diversity coordinator), and should consider transportation as part of our diversity plan
- Many teachers and staff are encouraging us to proactively address issues of racial diversity and inclusiveness
