

## Girls SUMMER CAMP

### Welcome to the All-Star Character Basketball Camp

*The All-Star Character Basketball Camp prepares the girls for different levels of participation even the next level if that is their dream. We know that being a student athlete requires a demanding schedule that include classes, practices, and competitions at home and on the road, and that can sometimes seem a little overwhelming. To help alleviate this pressure on the student athletes, the camp schedule will be modeling a college athlete rigorous lifestyle.*

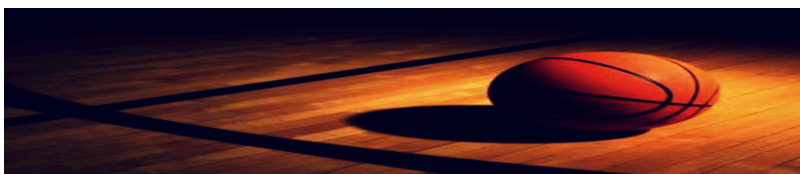

*In the end, the purpose should be to benefit student-athletes and understand how to help them have the best possible educational experience. On the next level. A combination of sports fundamentals, exercise and life lesson makes this program different.*

*As coaches, it is our responsibility to foster a vision within our program to achieve success! It is my hope that, through participation in interscholastic play, middle school students and high school students making the transition will develop an appreciation for athletic competition that will support them as they move throughout their educational journey and advance to the collegiate level. We're looking forward to working with you throughout the summer.*
