

HEY HORSE! Did you hear about that new enrichment program?

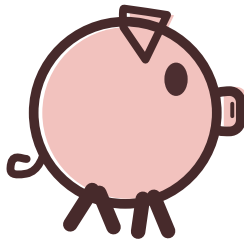

You mean that compost pile you've been working on LIL' CHICKIN?

No, silly. I heard that Amy Handler (the Creative Movement teacher & radio show host) and Katherine Moore (the Music Class instructor & music producer) are teaming up again for an after school enrichment class at ANCS.

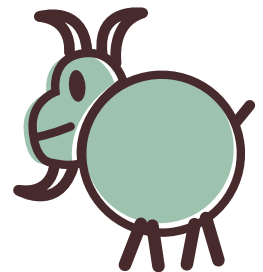

And they will sing, dance and create all year long - a REAL PERFORMING TROUP! even go out into the community to perform and spread the word about "real food" and making healthy choices ! Like at Farmers Market and such!

Well, I heard it was for 1st - 5th graders and that they should bring a real dedication to perform! Do you know any divas or dudes, FARMER GOAT?
